

Essential online defence
ANTI-VIRUS PLUS 2012 

Essential online defence

Cyber crime has become ever-present in everyday life. Millions of computer users suffer due to fraudulent online activities. Every time you connect to the internet without the right protection, you too can be attacked by cyber criminals. Be it draining your bank account balance, misusing your credit card details, crashing your computer or deleting important files from your computer, they can attack without warning.

We are introducing K7 Antivirus Plus 2012 - the most comprehensive and affordable protection for home and small office PCs. Recognized by industry insiders for its performance and sheer speed, it provides complete security against cyber criminals and evolving threats. Install K7 Antivirus today and protect yourself from becoming the next victim.
